INFEMIT

Micah Global in cooperation with INFEMIT (International Fellowship of Mission as Transformation) invites you to join us for a morning of deliberations as we explore together the theological and practice priorities for transforming mission in Europe.

*Our understanding of mission, of church,
of the Kingdom of God needs to be transformed.
Our mission action, our theological reflection,
needs to lead to transformation of our communities.*

Together we hope to learn, share, develop, engage, and articulate transformational approaches locally and regionally.

The launch of the Europe Theological-Practitioner Working Group seeks to create the fellowship and platform to enable us to be a blessing for our region together.

Speakers and Facilitators include:

- Prof Dr Johannes Reimer
- Rev Rolf Zwick

To confirm participation: events@micahglobal.org

Cost: €15.00 to cover registration and refreshments

Why not stay on for the CCD (Christian Community Development) Conference, facilitated in partnership between AEM, EEMA and Micah Global.
