

# VIC(TORI)A GREAVES

## 2019-2020 MISSIONARY UPDATE

It is a joy to serve with INFEMIT and CETI as we support the Church, regionally and globally, as it seeks to live faithfully in light of the Gospel. What does it mean to live faithfully in the midst of violence? Climate change? Inequality? We ask these questions as we seek to listen to, encourage and equip faith communities in Latin America and the world.

**INFEMIT:** International Fellowship for Mission as Transformation

**CETI:** Comunidad de Estudios Teológicos Interdisciplinarios

## INFEMIT MINISTRY OPPORTUNITIES

This year, we are focusing on **opportunities for global young leaders**. We will be investing in the work, writing and studies of young leaders who are wrestling with questions of living out faith within their contexts. We continue to connect faith communities from different parts of the world through **resources and events** so that we may be **strengthened by one another in fellowship**.

## CETI MINISTRY OPPORTUNITIES

CETI is launching a new **Master's program**, so this year will be busy with additional preparations, as we also accompany our current students. I am **pursuing my own studies** through CETI, as I seek to deepen my faith and understanding of mission within Latin America. We continue to partner with churches and organizations at a local level who form leaders through **small group studies**.

## LOCAL PROJECTS

Rubén and I are excited about the progress on our house! While it has taken longer than expected, we soon hope to host **volunteers and local projects** from our home in Chazuta. At the same time, we have been working with Rubén's family on educational programs for children in the migrant settlements outside of Piura. In the year ahead, we pray for opportunities to open small group studies, tutoring and sports programs, and other local projects to invest in our communities.

## HOW TO PARTNER?

**I am praying for additional supporters willing to give annual or monthly gifts. Please consider giving! Please also follow my journey through my blog and prayer requests.**

*"...seek the peace and prosperity of the city." – Jeremiah 29:7*

**In Exile, God taught the Israelites to plant roots and seek the good of those around them. Whether in the U.S. or Peru, let our joy be to seek the peace of the place in which we live.**
